

SCHEDA TECNICA | DATA SHEET

Salumi e formaggi

- classe di temperatura M2
- test a 25°C e 60% U.R.

Cured meat & cheese:

- temperature class M2
- test at 25°C and 60% R.H.

CARATTERISTICHE TECNICHE

STRUTTURA

- 4 ripiani inclinabili profondi 340 mm.
- Vasca, schienale e ripiani in lamiera zincata verniciata a polveri RAL 7021 nero opaco.
- Pannello frontale superiore e inferiore in lamiera verniciata a polveri RAL 7021 nero opaco.
- Basamento in lamiera verniciata a polveri RAL 7021 nero opaco, o verniciata a campione.
- Fianchi terminali disponibili in vetrocamera spessore 30 mm con serigrafie nere; oppure fianchi ciechi in lamiera nera RAL 7021 spessore 40 mm, con o senza specchiatura interna.
- Illuminazione LED 4000°K a effetto luce naturale posta nella parte superiore.
- Frontalino in vetro H125 mm.

REFRIGERAZIONE

- Refrigerazione ventilata.
- Unità condensatrice a bordo con gas R290; unità condensatrice remota con gas R452A.
- Sbrinamento ventilato con arresto del compressore.
- Vaschetta evapora condensa con resistenza elettrica per espositori con motore a bordo (UC) con gas R290.
- Scarico a terra per espositori senza motore a bordo (NUC).
- Ventole a basso consumo per versioni UC con gas R290.
- Pannello comandi full touch, antipolvere e resistente all'acqua.

OPTIONAL

- Chiusura anteriore con tendina manuale notturna.
- Canalizzazione tra espositori con lo stesso servizio senza interruzioni.
- Ripiano espositivo aggiuntivo.
- Illuminazione LED 4000°K sui ripiani.
- Gancera appendi salumi al posto del ripiano superiore.
- Portaprezzi in plastica trasparente e frontalino ferma prodotto in metacrilato.
- Ruote per vetrine con motore a bordo (UC), con aumento altezza di 80 mm.

GOODY BISTROT è disponibile nei seguenti moduli lineari, senza fianchi:
L625, L937, L1250 e L1875 mm con altezza H2060 mm.

Fianchi terminali disponibili in 2 versioni:

- 1 fianco in vetro camera, spessore 30 mm
- 1 fianco cieco, spessore 40 mm

TECHNICAL FEATURES

STRUCTURE

- 4 tilting shelves - 340 mm deep.
- Back and shelves in galvanized metal sheet painted in epoxy powder black RAL 7021.
- Upper and lower front panels in metal sheet painted in matt black RAL 7021.
- Base in metal sheet painted in matt black RAL 7021, or lacquered according to sample.
- Sides available in double glazing with black screen printing (30 mm thick); or in galvanized metal sheet painted in matt black RAL 7021 epoxy powder (40 mm thick); on request internal finish in mirrored stainless steel.
- 4000°K LED lighting placed under the top.
- Front glass panel H 125 mm.

REFRIGERATION

- Vertical display case with ventilated refrigeration.
- Incorporated condensing unit (UC) with R290 gas; remote condensing unit (NUC) with R452A gas.
- Ventilated defrost with compressor stop.
- Condensation evaporation tray with electric resistance for UC versions with R290 gas.
- Ground drain for versions with remote condensing unit (NUC).
- Low consumption fans for UC versions with R290 gas.
- Full touch control panel, dust-proof and water resistant.

OPTIONALS

- Front closure with manual night-time roller curtain.
- Seamless channelling of same services.
- Additional display shelf.
- 4000°K LED lighting on the shelves.
- Hook accessory for hanging cured meats in replacement of the upper shelf.
- Clear plastic price-holders and methacrylate product riser.
- Wheels, only in the UC version, with a height increase of 80 mm.

GOODY BISTROT is available in the following linear units, without sides:
L625, L937, L1250 and L1875 mm with a height of H2060 mm.

Side panels available in 2 versions:

- 1 glass side panel - 30 mm thick
- 1 solid side panel - 40 mm thick
